### Praise!

#### \*Dave Cook's recovery.

Matt writes: Thank you all for your prayers for my father. Last Thursday (4-11) he took his first steps on his new prosthetic legs! Despite the damage done to his kidneys (he currently is on dialysis), the healing after surgery has been blessedly fast! He was able to stand up on his own strength on his first try! There is still a long way to go, but he is doing great! Thank you for your prayers. We are so grateful for the Lord's Blessings!

### Prayer Requests

\*Doris Eagleman is in LMH with fluid on her lungs.

\*Heide Vaughan, Brad's sister-in-law, learned that her cancer has returned. She has been doing really, really well and the cancer's return has been a real shock to everyone. Please pray for Heide especially, and for the entire family.

\*Judy Lafond is recovering from her kidney biopsy on Monday the 15<sup>th</sup> at KU Med. She is awaiting results.

\*Susan, DeeDee's good friend, has finished her prescribed chemo and radiation treatments. She is very ill from them and is now in a period of recovery from (especially) the radiation. She will have to wait for tests to re-evaluate the cancer until the radiation-caused damage heals (several months).

\*The family of Faye Schrable who passed on April 10.

\*Shepherd and Ruhtt ask that we pray about drought in Zambia: for mercy, rains, and calmness as people prepare for distress.

\*Those reached by Operation Ecuador and EEM face extreme political unrest and danger.

\*African Christian College: their graduates who are willingly and sacrificially going into areas of extreme unrest, their new incoming class, and for the increased financial challenges they face.

I lift up my eyes to the hills — where does my help come from? My help comes from the LORD, the Maker of heaven and earth.
